YALE, PENNSYLVANIA, ORANGE AND STATEN

ISLAND CLUBS THE WINNERS. Football broke out with all its fall fury yesterday I good sized crowds witnessed the games at the various local grounds. A peep into almost any suburban ball ground would have shown a struggling mass of athletes piled in a heap in the centre of the field, while a surrounding crowd jumped about excitedly. A person not acquainted with football, but well posted on prize-fighting might have thought

battle royal was in progress.

Pretty women in the daintiest of fall costum added beauty and picture-squeness to the scene, and utter confusion to the mind of the stranger. There was comparatively little rough play, and the accidents were few. Yale won a handsome victory from the Manhattan Athletic Club; the University of Pennsyl-vania defeated the Crescent Athletic Club easily, while Orange Athletic Club, Staten Island Cricket Club

and Stevens Institute elevens were also winners. Probably the most interesting game of the day was first meeting at Eastern Park, Brooklyn, between the University of Pennsylvania and the Crescent Athletic Club elevens. The men of Pennsylvania were the same opponents on the previous Saturday, but in spite of their clever work they fell short ave points of Yale's score. The University of Pennsylvania men are generally credited with being sluggers, but their work with little unnecessary roughness. Over 2,000 people were present, the women showing a remarkable know-

tge of the intricate points of the game.
Sheldon again fairly won the honors for the Cresnts, his running and dodging being superb. With cents, his running and dodging being superb. With two or three more sheldons the Crescents would fear no rival. Knipe, Camp and Schoff did the best work for the University of Pennsylvania team. Knipe made a clever goal from the thirty-yard mark, and made a cirver gon.

Two thirty-minute halves he was loudly applianded. Two thirty-minute halves were played. Wingate did some clever tackling, but he was injured and forced to retire in the last half.

Pennsylvania started the game with a side wedge, and gained ten yards. Knipe went through the centre for ten won, and Camp duplicated the feat. Some free kicking was indulged in. With the ball on the thirty-yard line, Knipe got a free kick and sent the between the posts, just five minutes having

After the line-up, Culver got through the centre for three yards, and then shelden made two clever of fifteen yards each. Pennsylvania got the ball, and Camp made three pretty runs of five, ien and afteen yards. Camp made the remaining distance around the right, and got a touchdown, Schoff kick goal; time, ten minutes. Clever runs were made by Sheldon, Camp and Culver, the first half ending ith the score 11 to 0 in University of Pennsylvania's

made a touchdown after five minutes' play, and Schoff kicked goal. Perita made the final touchdown, and Schoff kicked goal. The final rally was desperate, but the University of Pennsylvania men could not get that final goal needed to beat Yale's record. The teams and score were as follows:

YALE DEFEATS THE CHERRY DIAMONDS. About 1,500 people went to Manhattan Field to tness the champion Yale eleven's first appearance this season in New-York City in a game against the Manhattan Athletic Club team. Yale won by 22 to 0. and the general opinion was that the victors ap-

ared to be in better form than they did in the me in Brooklyn on the previous Saturday. Laurie iss was missed, but Yale showed marked improveside, and the substitutes put in in the last half had a good chance to show what they could do. Yale

trying the ends with poor success, the Yale men began to buck the centre. Then by pretty passes and enteles they worked the ball down the field for short runs; Wallace, Winter, Graves, Eliss, Sanford and Richard making short runs until the ball was brought to within five yards of the Manhattan Athletic Club

goal. Here Winter made one of his "bull" rushes through the centre for a touch-down, and Graves bleked goal. McCosmick got through the line well-end so did Sanford, but Winter did better than either. The goal required ten minutes play.

After the lineap, the "V" was tried for a picture, and G. leegen sneaked around the end for an yards before he was caught. A had fumble by Morse gave vale the ball. Balss then made the pretties; ran of the game, covering twenty-five yards before he was caught. A had fumble by Morse gave dewned, in a serimmage O'Compor had an anale sprained in trekling Blas. Graves g t a end for ten varis, beinging the ball to will wards of the M. A. C. goal. Here Winter was and through and Graves kicked goal.

Yale became aggressive at the start of the second half, wishing to test the metide of her sub. A C.'s goal-piss. The Yale men were over anxous and lest the ball on off side play. They quickly recovered and the M. A. C. then lost the ball on four downs. In one of Winter's rushes Beal got in the way, and the latter was temporarily knocked out, in the head and head collision. Then Blass shot through the centre for a touchdown, and putterfield kicked cyal. A clever tackle by Berger St pped Winter, when he had a clear field before him. Winter afterward worked the centre for a tack-down. Butterfield kicked cyal. A clever tackle by Berger St pped Winter, when he had a clear field before him. THE DELMAR-LASKER GAME.

brilliant style has made him a player of world-wide popularity for some thirty years, was dierr Lasker's last antagonist for the week. The game opened at 7 o'clock last evening. Lasker again gaining the white forces and leading off against a French Defence. After securing a good lead the New-Hard tolegans at 11 and at the mices, most a blocked seemed content to hold their advantage and to experience. Captain McCormick retired after the first half, fearing over-training. He coached his men from the side, and the substitutes put in in the last half. Englisch. The chief object of that at nek is to cramp the adverse pieces, White allowing his opponent the advantage of two his against h and Kt for that pur-

pose. Delinar did not fully enter into the spirit of his position, for he should have advanced the K B P early to B 3 with a view to retaking with the Pawn in case the opponent exchanged Pawns. On the the open K R file. A long struggle followed and both sides did little or nothing. The thirty-third move on each side signalled a crists. White seemed to have committed himself to the advance of the K B P by his move of Kt-K R 4, and Black in reply seized the K B file with his Rook, threatening the advance of the Q R P, which opened an attack against White's King situated on that wing. Two moves later Delmar forces and Delmar, by giving up a Pawn, had apparently a good attack against the adverse K, but on the other hand Lusker's extra Pawn seemed to become so form! dable as practically to insure a win for blur. Lusker will meet J. S. Ryan to-morrow at 7:30 p. m. PRENCH DEFENCE.
